COLLECTION

A woman with long blonde hair, wearing a light brown hat and a matching poncho, is sitting in a field of tall grass and wildflowers. She is looking towards the right, where the sun is setting, creating a warm, golden glow. The background is a soft-focus landscape of trees and foliage.

## Possibilities unfold.

Veris folding glass doors are perfect for connecting indoor and outdoor spaces in homes with patios, decks, enclosed porches and more. These operable walls offer a flexible and customizable opening, including an optional swing door, that allows the user to easily enter or exit a room without opening all the panels.

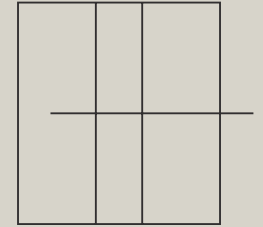

The gateway  
to open-air  
living.

# Sliding Glass Doors

## Expand your living space.

Easily blend indoor and outdoor living spaces with Veris sliding glass door systems. Enjoy expansive views thanks to a flexible design with large panel sizes and multiple configurations. Options for built-in pocket doors deliver completely unobstructed views when fully opened.

Home,  
unbound.

## Durable for the outdoors.

Expansive glass units call for durability and strength without any extra weight. The Veris collection works smarter, not harder, with a sleek design made of corrosion-resistant aluminum which provides durability and strength at approximately 1/3 the weight of steel.

Create the ultimate open-air living experience with superior performance thanks to our full-system approach. With the Veris collection, each piece is engineered to work together seamlessly for easy, worry-free operation.

## Glass Options

### Enhanced Low-E

Blocks 95% of the sun's harmful UV rays, helping to preserve the color and materials of your interior furnishings, draperies and wall treatments.\*

### Turtle with Low-E

Tinted gray to reduce interior light projection as required near sea turtle nesting areas. Includes Low-E coating for exceptional energy efficiency.

### Low-E

Delivers exceptional energy efficiency, retaining heat in the winter and reflecting it in the summer.

### Optional Neat+™ Coating

The large glass panels found in the Veris collection call for convenient solutions designed to help preserve your view of the outdoors.

All Low-E glass in the Veris collection is available with Neat+ coating. This low-maintenance coating is designed to help keep glass clear and free of watermarks, reducing the need for cleaning.\*
